

SPEAKING SESSION

PROPOSAL FORM

September 23-24, 2019

CALL FOR SPEAKING SESSION PROPOSALS

Back by popular demand, Risk Professional-led sessions! Are you an Industry Professional with an idea, success story, table-top exercise or case study you want to share with your colleagues? If you are interested in leading a session and Empowering Risk Management at the two full-day 2019 Chicagoland Risk Forum (CRF), we would love to hear from you.

Chicagoland Risk Forum (CRF) 2019 is a way for the industry to come together and find solutions to common challenges that benefit the industry as a whole. The networking and exchange of ideas CRF facilitates helps to move everyone forward – speakers have a critical role to play in that movement. This is your opportunity to put your education, opinion and influence out there, get people thinking about what they are doing in their businesses and what they could or should do differently.

Successful submissions will address the latest issues facing Risk Professionals, as well as provide concrete takeaways for our audience. Sessions **must** include a practicing risk professional¹. Please complete a short description of your session topic using the “Session Description” outline provided below and send to: chicagolandriskforum@gmail.com.

SUBMISSION GUIDELINES, REQUIRED INFORMATION FOR EACH SUBMISSION, INCLUDES:

- Proposed title for the session
- Session category (pick from below)
- Brief (300 word maximum) description of the session’s content
- A list of learning objectives/takeaways/goals for the audience
- Names, titles and email addresses of speakers (panelist format – include three panelists)
- A brief bio for each speaker (limit to 125 words per bio)
- A headshot for each speaker

TIPS FOR A SUCCESSFUL SUBMISSION ARE:

- Think outside the box! Be creative with your submission and topic.
- Talk about the demand side of your topic, where the needs are currently unmet and lessons learned when creating your solution.
- Be timely and relevant. Sessions that address “in-the-headlines” issues will have an advantage.
- Our surveys show attendees favor panel discussions, table-top exercises and case studies.
- This is your opportunity to showcase your expertise and facilitate conversations about innovative best practices in risk management. It is not the time to sell.

Follow the guidelines; if your submission does not fit within the submission guidelines it will be rejected. CRF expects sessions to be educational and to advance the discipline of risk management. Sessions that are sales-pitches will not be considered.

THE DEADLINE FOR SUBMISSIONS IS MAY 7, 2019.

¹ Full-time professional with risk management responsibilities exclusively for one organization.
